Zilber College of Public Health
November 14, 2023

Recommendation of the Zilber College of Public Health to grant Dr. Rose Hennessey Garza
faculty voting rights in the Zilber College of Public Health

Recommendation:

The Zilber College of Public Health (ZCPH) faculty and dean submit to the UWM Faculty Senate a recommendation to grant Dr. Rose Hennessey Garza faculty voting rights in the non-departmentalized ZCPH as stated in the UWM Faculty Policies and Procedures Chapter 2.02 Membership in College and School Faculties:

(4) a. Subject to the approval of the Faculty Senate, the Faculty of a college may designate members of its Academic Staff with training, experience and responsibility comparable to those in the Faculty ranks as voting members of its Faculty. If the college contains schools and/or departments, the Academic Staff must have been granted voting rights by the school or department prior to receiving voting rights in the college. If a school is departmentalized, the Academic Staff must have been granted voting rights in one of the departments of a school prior to receiving voting rights in the school. (Document 3379, 02/17/22; UWM Administration approval, 03/16/22)

Rationale:

The ZCPH executive committee reviewed voting rights for request on September 22, 2023, and recommended unanimously that it be placed on the ZCPH Faculty Council agenda.

The Faculty Council of the ZCPH voted unanimously on October 27, 2023, to grant faculty voting rights to Dr. Hennessey Garza. The ZCPH faculty chairs, Dr. Michael Laiosa and Dr. Ann Swartz have provided supporting evidence and materials.

Supporting Materials:

The ZCPH executive committee present that Dr. Hennessey has "training, experience and responsibility comparable to those in the faculty ranks" and thereby merits such rights.

- Appointment/Title: Assistant Visiting Professor
- Status: Fixed-term
- Degree(s): PhD
- Years of service: 1 year + additional years as an adjunct instructor
- Training: MPH - Community Health Sciences; PhD - Public Health in Community & Behavioral Health Promotion

- Experience and Responsibilities: Rose contributes to the ZCPH through teaching, research and service. She teaches at the BS, Masters and PhD level as well as incorporating students into her research program that focuses on sexual violence prevention, implementation science, and addressing health disparities. She has included undergraduate and graduate students in data collection and publications. She has been pivotal in designing and implementing undergraduate recruitment efforts, in-depth mentoring of students within the ZCPH. Further, she is intimately involved in curricular issues through her role on the Zilber Undergraduate Program Committee. Finally, she contributes to the University through her efforts on the UW Sexual Violence Prevention Research Group and contributing to campus-wide events (for instance, guest speaking for the Campus Cares Wellness Symposium). Due to her involvement in education and curricular matters, college voting rights are essential for her position.
- CV: Current CV is attached.

Joseph J. Zilber
College of Public Health

Memorandum

To: UWM Faculty Senate Rules Committee

From: Ann Swartz & Michael Laiosa
Faculty Chairs, Zilber College of Public Health

Date: October 27, 2023

Re: Recommendation of the Zilber College of Public Health to grant seven Instructional Academic Staff faculty voting rights in the Zilber College of Public Health.

Recommendation:

On September 22, 2023 the Executive Committee of the Zilber College of Public Health unanimously (18/0/0) approved a recommendation for faculty voting rights in the Zilber College of Public Health per University of Wisconsin – Milwaukee Faculty Policies and Procedures Chapter 2.02 (4)a. (Document 3379, 02/17/22; UWM Administration approval, 03/16/22) for the following Instructional Academic Staff (IAS).

Keith Dookeran
Rose Hennessey Garza
John Holland
Sara Luelloff
Renee Scampini
Stephanie Send
Musa Yahaya

Rationale:

As a result of the reorganization of our university, units within the former College of Health Sciences have merged with the former Zilber School of Public Health to create the new Zilber College of Public Health (ZCPH). Within the ZCPH, IAS are intimately involved in the creation and delivery of our curriculum. In general, Academic Staff bring expertise in practice and application beyond the Faculty in the College, so they are essential to deliver the highest quality education to our students and help students develop into capable and knowledgeable professionals.

According to UW-Milwaukee Milwaukee Faculty Policies and Procedures Chapter 2.02 (4) a, "Subject to the approval of the Faculty Senate, the Faculty of a college may designate members of its academic staff with training, experience and responsibility comparable to those in the faculty ranks as voting members of its faculty. If the college contains schools and/or departments, the academic staff must have been granted voting rights by the school or department prior to receiving voting rights in the college."

Joseph J. Zilber
College of Public Health

The new ZCPH is a non-departmentalized college. In the former units, where programs were delivered through a department structure, IAS were granted voting rights both at the departmental and college level. We respectfully ask the Faculty Senate to allow us to continue this practice.

The ZCPH executive committee proposed that the Faculty of ZCPH grant the seven IAS faculty voting rights. Attached are materials that support that each of these seven IAS have “training, experience and responsibility comparable to those in the faculty ranks,” and thereby, merits such rights.

The ZCPH Faculty Council Committee reviewed this request on October 27, 2023 and unanimously recommended it be forwarded to the Dean of the Zilber College of Public Health for recommendation to the Faculty Senate.

Date: October 27, 2023

MEMORANDUM

To: UWM Faculty Senate

From: Amy Harley 
Interim Dean

Re: Zilber College of Public Health Requests Voting Privileges to 7 Instructional
Academic Staff

At the September 22, 2023 Zilber College of Public Health (ZCPH) executive committee meeting, there was a motion to approve voting rights at the college level for seven instructional academic staff (IAS):

- Keith Dookeran
- Rose Hennessy Garza
- John Holland
- Sara Luelloff
- Renee Scampini
- Stephanie Send
- Musa Yahaya

The motion passed: 18 yes; 0 no; and 0 abstained.

At the October 27, 2023 Faculty Council meeting a recommendation unanimously passed to approve voting rights to the seven (IAS).

ZCPH respectfully submits to the Faculty Senate approval to grant voting privileges at the college level for these seven IAS. Attached are formal recommendations for each IAS and supporting materials that provide evidence they have the training, experience, and responsibilities comparable to those in the faculty ranks.

Thank you for your consideration.
